1.0 Introduction

The BASE Academy Business Continuity Plan (BCP) has been written for those who will be involved in re-establishing the operational delivery of services following a major incident at Red Lane Primary School or Masfield Primary School. It should be read in conjunction with:

- Individual detailed plans for both schools
- The Academy's fire evacuation plans for both schools (the operation of which does not necessarily activate the BCP).

2.0 Definitions

An emergency is any event which causes, or has the potential to cause injury, loss of life, damage to property or significant business disruption.

A disaster is the escalation of an emergency to the point where normal conditions are not expected to be recovered for at least 24 hours.

3.0 General Information

3.1 Review and Training

This document should be reviewed annually by the Leadership Teams and the Academy Trust Board and shared with staff during inset sessions and governors during committee meetings. Parts of the plan should be tested throughout the school year.

3.2 Associated Documents/information

Associated Documents include:

- BASE Business Continuity Plan
- Fire Evacuation Plans including site plans
- Invacuation Policy & Procedures
- Fire risk assessments
- Snow Chains
- First Aid Policies/First Aid Needs Assessments
- Health & Safety Policy & Procedures
- Pandemic sickness
- Inventory/Asset Register

3.3 Emergency Contact Information

An emergency information file is kept in the main offices of Red Lane Primary and Masfield Primary and includes:

- Copies of this document
- Copies of associated documents
- Hard copies of pupil data (those on roll) with parental information, addresses and contact numbers. (printed termly)
- Class reports detailing medical information for pupils on roll. (printed termly)
- Hard copies of current staff data with addresses, next of kin and contact numbers.

3.4 IT Arrangements and Secure Off Site Storage of Documents

The school servers are located:

- Red Lane Primary School – Library KS2 building
- Masefield Primary School – Executive Headteacher's Office

Within the Schools' ICT SLA with Bolton LA, the school servers from both schools are backed up on a daily basis to a location off site.

Copies of this plan and supporting documents are held at both schools.

A USB memory stick containing the information is kept at the Finance Manager's home.

4.0 Aims and Objectives

The aim of this emergency response plan is to mitigate the effects of any emergency situation on the school, staff and pupils and recover from any incident quickly and efficiently. The supporting objectives are to:

- Prevent/minimise the loss of life, injury and ill health to pupils and staff;
- Alert and work with relevant parties as necessary to provide guidance and reassurance e.g. Emergency Services, Bolton Local Authority, Governors and Parent/Carers;
- Manage the situation until the relevant support arrives;
- Minimise disruption to the normal daily routine of staff and pupils;
- Ensure appropriate working with the media and support staff, pupils and parent/carers in the aftermath of the incident.

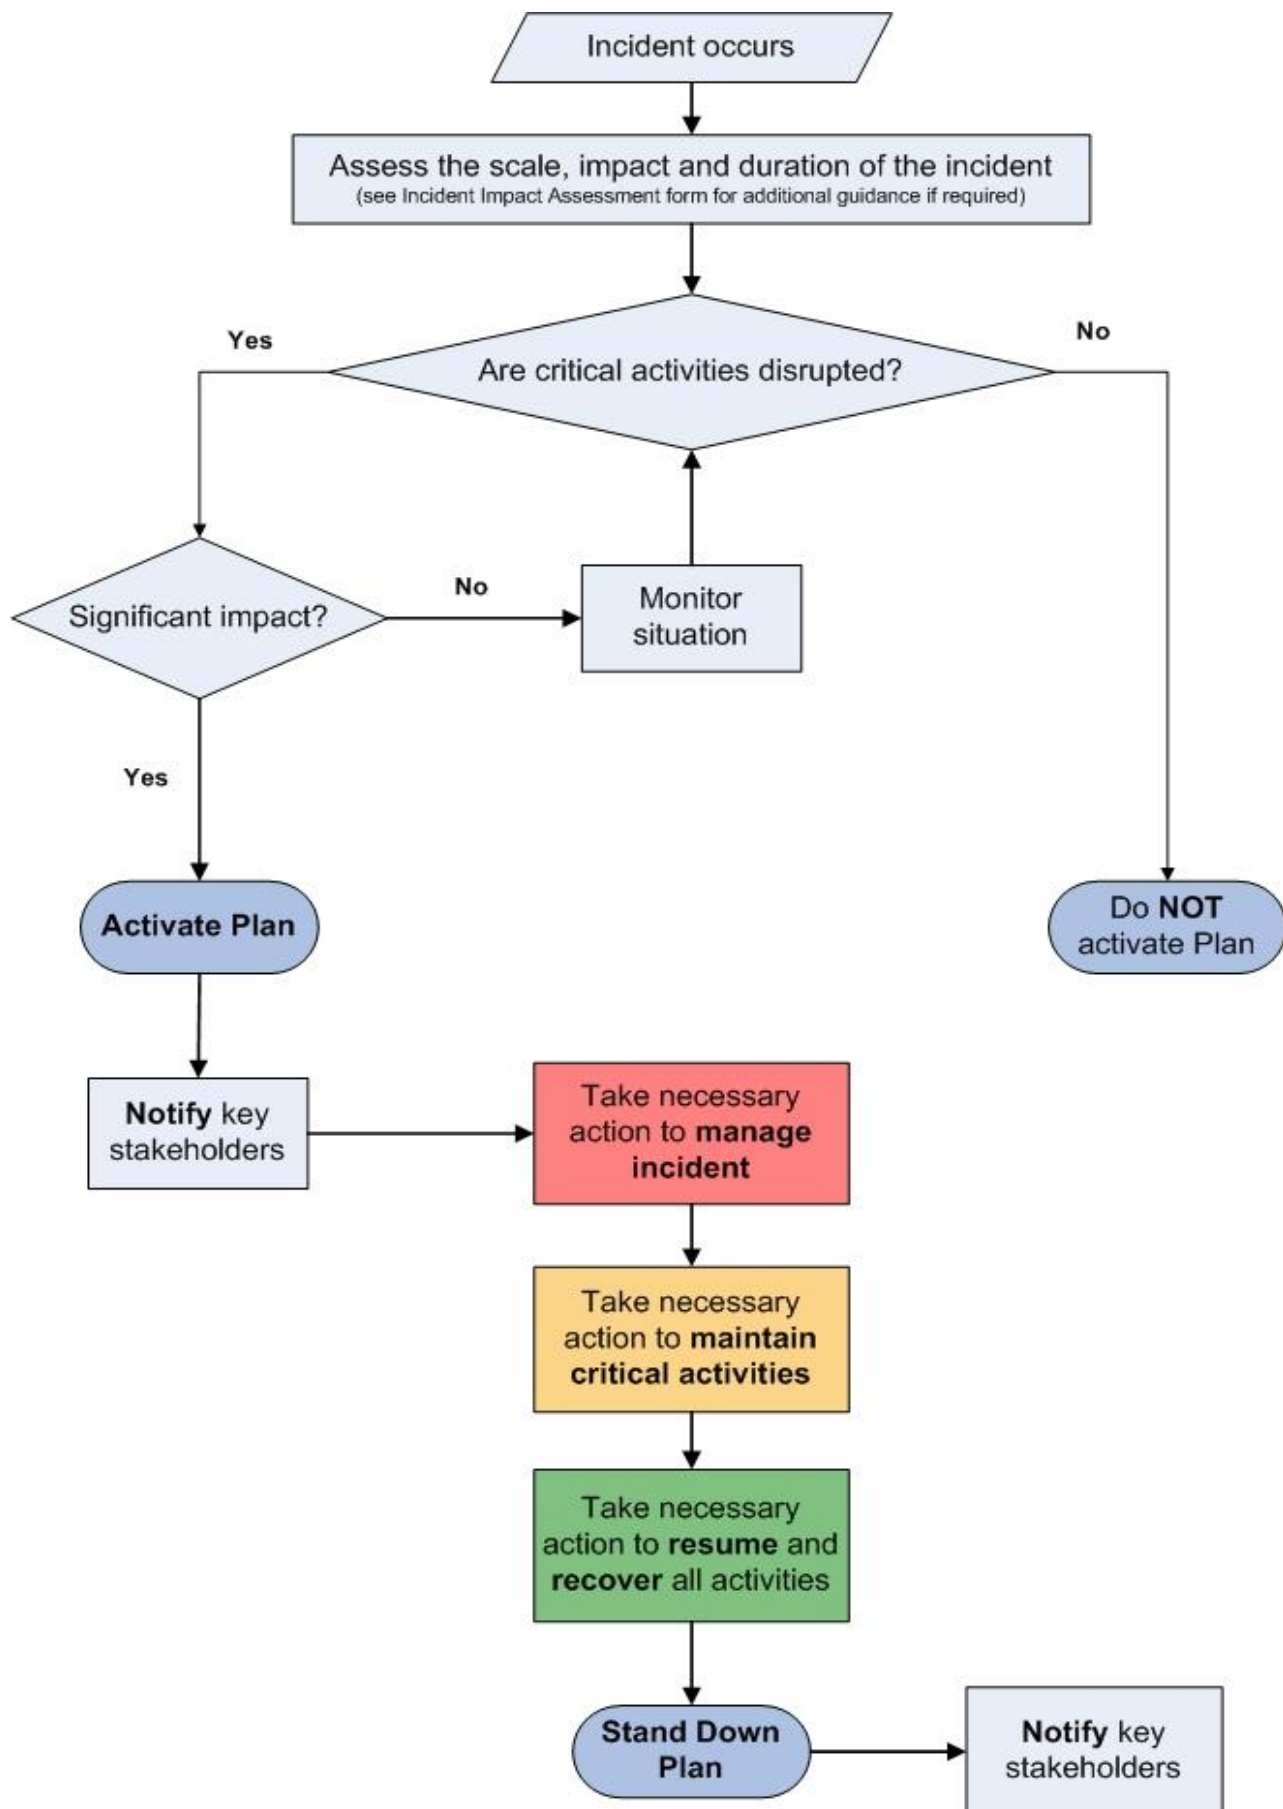

Further guidance is available on the department for Education website

<https://www.gov.uk/guidance/emergencies-and-severe-weather-schools-and-early-years-settings>

5.0 Strategy

If a disaster is declared by BASE ACADEMY's Principal or their deputy and/or BASE Academy's Account Director, both Red Lane's Business Continuity Plan and Masefield Primary's Business Continuity Plan will be activated.

PLAN ACTIVATION PROCESS

Staff communication will be via Teacher2Parents, email and the website if this is operable, or by use of the snow plan telephone lists if not.

The following organisations may need to be advised of the implementation of the Business Continuity Plan as soon as possible:

• Emergency Services	999
• Public Health England (Significant disease outbreak)	0344 225 0562 Option 3
• Media Office –Karen Spibey (Reputational Incident)	01204 332064/07824 541215

• Chair of Trust Board – Mr Craig Graham	07958 017845 or 0845 519 8809

6.0 Roles and Responsibilities

6.1 Executive Headteacher

The Executive Headteacher is responsible for the implementation and co-ordination of the BCP, including:

- Immediately contacting the BASE Account Director if the disaster relates to the built environment or the ICT infrastructure to establish if the building can be re-occupied and/or service delivery reinstated
- Co-ordination of status reports/communication for the benefit of all audiences (including staff, pupils, parents, LA, Academies Team at DfE, press)
- Maintaining the BCP in an up-to-date format by delegating responsibility to the Finance Director for updates.

6.2 Incident Management Team (IMT)

Lead by the Executive Headteacher, the Incident Management Team includes Heads of both schools, all Assistant and Deputy Headteachers and the Schools' Site Manager/s. Additional members of the team will be recruited to match the specific needs of the incident.

The IMT is responsible for acting under the direction of the Executive Headteacher (or their Deputy) to restore normal conditions as soon as possible.

6.3 Staff

Staff are required to co-operate with the IMT in support of the BCP.

In the event that staff are sent home, they should remain available during normal working hours to assist with necessary tasks.

6.4 Individual Roles and Responsibilities

Role	Responsibility	Person(s) Responsible

7.0 Initial Response In case of Major Emergency:

The staff member witnessing or first discovering the emergency situation will be responsible for initiating the immediate response to the threat. This may involve:

- Summoning help/calling the emergency services
- Taking charge of the scene until further support arrives
- Securing immediate welfare of students and staff e.g. shelter/evacuation
- Alert Executive Headteacher/Head of School or other senior member of staff in their absence.
- Log relevant information e.g. location and time of emergency, details of people involved and nature of any injuries and a summary of events etc.

Once the initial alert has been made, consideration must be given to who else should be informed so it is imperative that contact details for staff, parents & carers, governors and LA departments are kept up to date and are readily accessible.

A cascade system of alerting relevant persons should be considered as this allows information to be distributed quickly by several people. Please refer to the snow chains for this information.

8.0 Procedure for Closing a School in the Multi Academy Trust

8.1 *Closure in advance of a School day*

The school can be closed in advance of a normal school day using the following system:

1. Closure authorised by the Executive Headteacher or Head of School
2. Notification of a school closure using the Local Authority Extranet Website:
<https://extranet.bolton.gov.uk> (actioned by the School Business Manager).
3. Implementing the school staff 'snow chain' (actioned by – Senior Decision Leadership Team)
4. Recording the closure on the home page of the school website (actioned by – IT Lead)
5. Sending out text messages via the 'Teacher2Parents system to all parents (actioned by – Admin Staff).

8.2 *Closure during a School Day*

It is never a preferred option to close the school during a school day but it can be done using the following procedures:

1. Closure authorised by the Executive Headteacher or Head of School on the basis that pupils with parental authorisation may make their way home by themselves. Pupils will continue to be supervised by staff until parents authorise them to leave or they are collected.
 - a. Parental authorisation can be provided by phone or email. Consider use of Places of Safety (as described below).
2. Notification of a school closure using the Local Authority Extranet Website:
<https://extranet.bolton.gov.uk> (actioned by the School Business Manager).
3. Recording the closure on the home page of the school website (actioned by – IT Lead).
Sending out text messages via the 'Teacher2Parents system to all parents (actioned by – Admin Staff).

8.3 Immediate Places of Safety

In the event of a major incident on site requiring the school to be closed, students will assemble at the primary assembly points – school playground. If these are not useable staff will escort pupils to the secondary assembly points – school field.

- a map of the school grounds showing primary and secondary assembly points, field and staff car park respectively. (see fire evacuation plan for each school)
- A map of the local area. (see fire evacuation plan for each school)

8.4 Off-Site Place of Safety

If it becomes necessary to evacuate the site completely, pupils will be escorted into the grounds of Ladywood School for Masefield and Mosley Pub Car Park for Red Lane from where they can be collected or from where they can be released to make their own way home.

9.0 Evacuation Policy & Procedure

In the event that the school buildings need to be evacuated in an emergency please refer to the Fire Evacuation Plans for each school.

9.1 Grab Packs

Each school retains, alongside the Business Continuity File, a grab pack containing the following items. The Finance Manager / School Business Manager will check the contents on a 6 monthly basis.

Contents of Grab Pack include:

- A High Visibility Vest
- Pen / Paper / Clipboard
- Local Map
- Torch
- Whistle
- First Aid Supplies

9.2 Site Plans and Map of Local Area

Within the Fire Evacuation Plan can be found plans detailing the following:-

- Fire Call Points, Fire Extinguishers, Emergency Lighting and Assembly locations
- Chemical Stores
- Boiler house(s)
- Gas, Electricity and Water Services cut off points

10.0 Invacuation Policy & Procedure

It is now possible to envisage circumstances where the school may wish to lock itself in, to secure staff and pupils from an outside threat. This circumstance is described as a 'lockdown'. Please refer to each school's invacuation policy and procedures.

11.0 Silent Evacuation

Notification of a silent evacuation would be made by word-of-mouth by the Head of School, members of the SLT and the admin staff.

12.0 Business Recovery in the Event of a Loss of Buildings or site Space

12.1 General

Replacement of the buildings and facilities that have been damaged or made unavailable will be the responsibility of the PFI Contractor and the Local Authority. In the event of building unavailability, the school will be entitled to financial unavailability deductions to off-set the Unitary Charge Payments that will still be due for payment.

Temporary working facilities are the responsibility of the School and Academy Trust for which it holds insurance (see below).

12.2 Insurance

BASE Multi Academy Trust hold insurance to the value of £10,000,000 for any one loss (maximum) to cover the cost for business interruption or interference following a material damage loss.

12.3 Replacement Site Facilities

The size and scope of facilities required for the school will vary according to circumstance. In the first instance contact should be made with the RPA Insurance on 0117 976 9361 or RPAadvice@willis.com

The location of the temporary accommodation will be determined based on the space required and circumstances at the time. Two possible locations that have been identified for consideration should temporary accommodation / buildings need to be sited are:

- Contacting Bolton LA to see if they can provide temporary accommodation within any other schools in Bolton.
- Porta cabins situation elsewhere on the school grounds

Erecting additional buildings on our current campus site will always be the preferred solution.

13.0 Pandemic Threat / Mass Staff Unavailability

Loss of staff is considered a generic threat to operations. The spread of a virus capable of impacting on operational service delivery is now considered genuine and serious.

In the event of mass staff illness, the IMT will shut the school to pupils using the same procedures described above.

14.0 Other Threats

The following Other Threats have been considered

- Phone and ICT Communications Loss
- Finance Process Breakdown – payments to staff & suppliers fail
- Utilities / Energy Supply failure
- Service Delivery Loss of General Nature – BASE Academy are unable to provide buildings or ICT support
- Key Supplier Failure other than BASE Academy – Catering, transport
- Evacuation due to Nearby Incident
- Bad Weather prolonged
- Strikes
- Terrorist Attack or Threat

15.0 Draft Recovery Action Plans

Operational Threat	Steps to Restore Normal Working	Action by Whom	Comments/Notes
Phone and ICT Communications Loss	1.		
Finance Process Breakdown – payments to staff & suppliers fail
